

How to Make Bubbles

Spend a magical afternoon with blowing bubbles. All you have to do is learn how to make a bubble solution at home. Follow this recipe to learn how to make a bubble solution

Things You Need To Make A Bubble Solution

- 1 cup Joy or Dawn liquid dish soap (but make sure it's not "ultra")
- 6 cups distilled water
- 1 tablespoon glycerin OR 1/4 cup light corn syrup
- A clean container that has a lid
- A straw

Steps To Make A Homemade Bubble Solution

- **Step 1:** Mix together the water and dish soap in a bowl. But mix slowly to prevent bubbles from forming.
- **Step 2:** Add the glycerin or corn syrup into this watery soap mixture and mix. You can use it right away, but for best results let it sit overnight.
- **Step 3:** To make bubbles, dip one end of the straw into the watery soap solution. Then put the other end of the straw into your mouth and blow the bubbles.
